PROFESSIONAL SUMMARY

Senior React Native Developer with 8+ **years of experience** designing, developing, and deploying scalable cross-platform mobile applications for **Android, iOS, Android TV, and Apple TV**. Strong expertise in **React Native, TypeScript, JavaScript (ES6+), Redux, REST APIs, and CI/CD pipelines**. Proven experience in **media streaming, fintech, event management, and e-commerce** domains. Skilled in performance optimization, clean architecture, and mentoring developers while collaborating with cross-functional teams.

TECHNICAL SKILLS

Frontend & Mobile Development
React Native, React.js, TypeScript, JavaScript (ES6+), Next.js, Responsive UI, Reusable Components

State Management
Redux, Redux Thunk, Redux Saga, Context API, React Query

APIs & Integrations
REST APIs, GraphQL, WebSocket, Firebase, Stripe, Razorpay, Google Maps API

Media & Performance
Video Streaming (HLS, MPEG-DASH), Custom Video Player, Audio Player, Performance Optimization

DevOps & Tools
CI/CD (Fastlane, Bitrise), Git, JIRA, Xcode, Android Studio, Jest

Databases
SQLite, Realm

PROFESSIONAL EXPERIENCE

Freelance React Native Developer | Independent Projects

Senior React Native Developer | Jan 2025 – Presen

- Developed mobile application features and client-specific solutions using React Native and JavaScript/TypeScript.
- Integrated REST APIs and third-party services.
- Handled requirements, implementation, debugging, testing, and feature improvements.
- Delivered updates based on client requirements and feedback

Logicwind – Surat, India

Senior React Native Developer | May 2024 – Dec 2025

- Architected scalable mobile applications using **React Native, TypeScript, and Redux**, reducing technical debt through clean code principles.
- Improved application startup time and UI rendering performance, resulting in a **25% increase in user retention**.
- Conducted code reviews and mentored junior developers to ensure adherence to coding standards and best practices.
- Collaborated with product managers, designers, and backend engineers to deliver production-ready features.

Techtic Technolab Pvt. Ltd. – Ahmedabad, India

Senior React Native Developer | Oct 2022 – Apr 2024

- Integrated **payment gateways (Stripe, Razorpay)** and third-party services such as **Google Maps API**.
- Designed predictable state management architecture using **Redux**, improving app stability across Android devices.
- Converted **Figma designs** into responsive, pixel-perfect React Native components.
- Worked closelywith QAteams to resolve production issues and improve release quality.

LogixBuilt – Surat, India

React Native Developer | Dec 2020 – Oct 2022

- Managed full **software development lifecycle (SDLC)** from requirement analysis to Play Store and App Store deployment.
- Ensured cross-platform compatibility and optimized performance across iOS and Android OS versions.
- Built reusableUIcomponents and integrated REST APIs.

I-Pangram – Surat, India
React Native Developer | Feb 2018 – Nov 2020

- Developed core features for early-stage startups using **React Native and JavaScript**.
- Implemented **offline-first functionality** using Realm local database.
- Focused on high-performance UI and smooth user experience.

KEY PROJECTS

MediaStreamingPlatform (Android TV & Apple TV)

Technologies: React Native, TypeScript, Redux, HLS/DASH

- Built video and podcast streaming modules including **Carousel, Grid, and Featured sections**.
- Developed **custom video and audio players** with play/pause, seek, fullscreen, background playback, and minimize support.
- Implemented playlist management and content sharing features.
- Integrated backend APIs tofetchdynamic content and ensure smooth playback across devices.

TBYT – Event & Ticketing Platform
Technologies: React Native, Redux, REST APIs

- Developed **Organizer App** features for event creation, table/ticket/menu management, and dashboards.
- Built **User App** with location-based event discovery and booking flows.
- Enabledpost-booking menuadditions and optimized reusable components across applications.

Carfour – Donation Application
Technologies: Flutter, Offline Storage, QR Code Scanner

- Implemented **offline QR code scanning** with local data storage and automatic server synchronization.
- Built custom QR validation logic and secure donation workflows.

EDUCATION

Master ofComputer Application (MCA)
Gujarat Technological University | 2016 – 2018 | GPA: 8.0

Bachelor of Computer Application (BCA)
VNSGU, Surat | 2013 – 2016 | GPA: 7.3

LANGUAGES

English (ProfessionalWorking Proficiency)
Hindi (Native)
Gujarati (Native)
